## DETAILED ACTION

### ***Claim Objections***

Claims 1-24 are objected to because they appear to be direct translations of a prior foreign document. The following list of informalities is not considered to be complete:

In claim 1: a) The phrase "in particular" is indefinite because it is unclear if the applicant is claiming the limitations after the phrase or those before the phrase.

(note also claim 6, 11, 15,17

b) It is unclear to what "one or two ends" refers.

c) The meets and bounds of the word "essentially" are unclear.

(note also claim 4)

d) The "limit faces" have no antecedent basis (note also claim 5).

In claim 3: There is no structural relationship between the lamp element of the second type and the prior claimed elements. (note also claim 4).

In claim 5: The meets and bounds of the word "exclusively" are unclear.

In claim 11: it is unclear what the "circumferential direction" is and how two LEDs can be arranged in a ring.

In claim 13: There is no structural relationship between the diffuser element and the prior claimed elements.

In claim 17: The phrase "and/or" is indefinite because it is unclear if the applicant is claiming the limitations after the phrase or those before the phrase.

In claim 23, "the diffusers" has no antecedent basis. It is believed that claim 23 should depend from claim 20.

In claim 24, The parenthesis makes the claim indefinite because it is unclear if the applicant is claiming the limitations after the parenthesis or those before it.

**Appropriate correction is required.**

***Allowable Subject Matter***

Claims 1-5, 7-12, 14-19, 21 and 24 would be allowable if rewritten to overcome the objections to the claims set forth in this Office action.

***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
